

## Driving, Cars and Parking

In the interests of safety, parents are NOT allowed to take their cars up the drive from Higham Lane. This is due to limited space and to protect the safety of our members.

Unless special arrangements have been made with a volunteer, the scout car park is for use by group volunteers only, Exceptions may for example be for disabled access or to support an event or private hire.

Members other than group volunteers must either walk their children up the drive, or park in the Ambleside Sports and Social Club overflow carpark and walk through the access gate. Access to this car park is via Ambleside way.
